Access EZ Lynk Tuning:

**INSTALL BYPASS FIRST!! For 2018+ Cummins Trucks

ATTENTION 2022+ Cummins trucks we need to see your ECM information after you link it up so we can do the files for you. This will only happen during office hours Monday to Friday 8am-5pm MST

Plug your EZ Lynk into your truck.

Turn the key on

Join the EZ Lynk Wi-Fi signal

Open the EZ Lynk app and go in and detect the truck (see the vin, etc) .

Go back to normal cell/Wi-Fi and it should ask you to auto link it.

Say yes

The files should start showing up under ecu profiles.

Download the one you want then rejoin the EZ Lynk Wi-Fi to flash it in.
